## SAINT-AUBIN PREMIER CRU "En Remilly"

### Varietal

100% Chardonnay

### Origins

The vines are mainly planted on the right flank of the broad combe which meanders towards La Rochepot. The appellation area is spread over two different massifs: one, the Montagne de Savoie, which ends the Côte d'Or and the other with the mountain of Ban which is perpendicular.

The plot 'En Remilly' is located on the second slope and adjoins the largest names of the golden triangle. This climate is located a few meters from the Montrachet, facing south with a good stony ground. It is recognized as the best premier cru of the appellation with « Murgers des dents de chien ».

### Vineyard selection and management

This wine comes from selected vineyards (no young vines) and respects strict requirements with regard to yields, for example. The soil is worked to encourage and maintain the soil's bacterial life which is necessary for the terroir to fully express itself.
